

Gen. 'Ike' Is For Unity

Believes Unified America Can 'Lick World'; Tells Committee

By Barney Livingstone
WASHINGTON, Oct. 20—(P)—Gen. Dwight D. Eisenhower confidently told congress today he believes armed services unification will work "from this moment on" and "the unified America can lick the world."

He called on the quarreling armed services and Congress to give unification a chance and not to "panic" at the first setback.

The commander of Allied forces in the victorious European war—now the president of Columbia university—stepped into the bitter inter-service row with this observation:

"We are expecting perfection too quickly."

He appeared before the House armed services committee to speak off the cuff on unification differences, and at the invitation of Chairman Vinson (D-Ga.) to "give us the benefit of your advice."

"We are in hot water in the Pentagon, and we are in hot water up here," Vinson told him.

Eisenhower's advice simmered down pretty much to the view that things will work out all right if everyone will just take it easy and not get excited. In unification as in war, he said, setbacks must be expected.

Keep Right To Fight

From Gen. J. Lawton Collins, the army's present top leader, the committee had just gotten assurance that the army is not plotting to deny the famed marine corps its "right to fight."

Collins, army chief of staff, declared: "We have no slightest purpose to impose the army's will upon a sister service."

At President Truman's forenoon news conference there were no questions about the bickering in the military department because Mr. Truman told the reporters, right at the outset, that he would have nothing to say about that at this stage.

But Rep. Price (D-Ml), who called at the White House later, said he told the president "a long period of silence on the part of the nation's military leaders would be most helpful in the interest of national defense."

He said the president agreed with him.

Price is a member of the House armed services committee which is currently hearing army-air force rebuttal to navy complaints against present defense policies. The navy-marine argument is that policies are now lopsided, putting too much emphasis on the air force and strategic bombing while cutting down on the sea service.

Collins was replying to testimony that the House group got on Monday from Gen. Clifton B. Cates, commandant of marines.

Cates had complained that apparently there was an intention among some high military policy planners to reduce his fighting corps to a "police force."

Collins picked up where Gen. Omar N. Bradley, chairman of the policy-making joint chiefs of staff left off yesterday in replying to navy-marine charges.

ST. JOSEPH, Mo., Oct. 20.—(P)—Sheldon Ray, Buchanan county farmer, was killed yesterday when he was caught between his moving tractor and a barn wall.

Private Schooling

When the school bell rings at Trout River, N. Y., little Carolyn White, 6, is the only pupil to answer. Last year there were 13 children in the school, but 12 of them transferred, leaving Carolyn alone to the \$2,000-a-year services of her teacher, Miss Elizabeth Dineen. The school's trustees, who figure heat and books cost another \$400, term Carolyn's education a "little expensive." (AP WIREPHOTO)

Police Officer Shot While Making Arrest

J. D. Sisemore Shot By James Robinson But Not Seriously

"Be good to a fellow and he'll hurt you" has been a common saying around police headquarters, and it was really proven Wednesday evening when Officer J. W. "Jim" Sisemore, 1684 East Fifth street, was shot by James Robinson, 801 East Thirteenth street, but not seriously. Robinson is being held in the city jail on an "open" charge pending further investigation.

About 5:00 o'clock Wednesday afternoon Officer Sisemore and Officer Lon Gardner were cruising along in the neighborhood of Fifth street and Engineer avenue. They noted Robinson on the street, not disturbing anyone or doing anything wrong, but decided to stop and talk to him. They noticed he had been drinking so got him in the patrol car and one drove his car to the home of his father-in-law Lon Maness, where he also makes his home.

Done Their Good Deed
They let him out and figured they had done their good deed for the day and started on cruising. About thirty minutes later they received a call to the East Thirteenth street address and were warned the "subject has a gun." Upon arriving at the scene they were met in the yard by Maness and after a brief talk started for the back porch. Maness walked in front and as they approached Robinson came out of the kitchen.

Maness asked his son-in-law to give up the gun and his wife also pleaded with him to give it up. About that time Maness stepped aside and Sisemore walked up and asked for the gun. "It's cocked and I'll shoot you," Sisemore quoted Robinson as saying. The gun was within ten inches of Sisemore's stomach and he suddenly reached with his left hand to knock it to the side and grab it. As his hand grabbed the gun, Robinson pulled the trigger and the bullet went through the fleshy part of Sisemore's left hand.

Knock Robinson Down
In the maneuver, Sisemore struck Robinson across the back of the neck with his right hand knocking him to the floor and at the same time Officer Gardner hit him with a blackjack.

Robinson was taken into custody and to police headquarters and later locked in the city jail to await further questioning and investigation.

Sisemore was taken to the Bothwell hospital where he was treated by Dr. Carl Siegel and released. The wound was not serious and Sisemore returned to his duties with a bandaged hand.

Indigents Before Paid Patients

JEFFERSON CITY, Oct. 20.—(P)—Missouri state hospitals must admit indigent patients before they take in paying patients if both are on the waiting list, Attorney General J. E. Taylor ruled today.

But if the hospital is full, a paying patient may not be evicted to make room for an indigent person.

To evict a patient, "while in a crucial stage of the course of medical treatment might very well work an irreparable damage in this patient," Assistant Attorney General H. Jackson Daniel wrote.

The opinion was requested by Robert C. Kirkland, Clay county prosecuting attorney.

Further C. of C. Banquet Plans

A meeting of members of the committee for the annual Chamber of Commerce banquet was held this morning at the C. of C. office and tickets to be sold were distributed.

Mrs. Ike L. Warren is chairman of the committee and members are C. W. Mathison, I. H. Reed, W. C. Askew, Arthur Morgan, Earl Lashley, Abe Silverman, Ben Robinson, Charles Hanna, Scudder Hull, Harry Naugel, Maurice Hogan, R. M. Overstreet and Harold Seaburg.

The banquet will be held on November 14 at the Sacred Heart auditorium and the block system will be used as last year with tables reserved for the various firms of the city.

Seat in U. N. To Yugoslavia Soviet Rebuff

Is Given Preference In Vote Over Czechoslovakia

NEW YORK, Oct. 2.—(P)—Yugoslavia won a seat in the United Nations Security Council today over the Soviet-sponsored Czechoslovakia. The action by the 59-nation general assembly was a rebuff to the Cominform Soviet bloc.

The vote on the second ballot, was Yugoslavia 39 and Czechoslovakia 19. Thirty-nine votes were required for election. Yugoslavia thus squeezed by on the minimum number of votes needed.

The voting was by secret ballot. The United States supported Yugoslavia for the council seat now held by the Soviet Ukraine. The seating changes Dec. 31.

On the first ballot, Tito's regime got 37, Czechoslovakia 20, Afghanistan 1, Philippines 1, Russia's Andrei Y. Vishinsky took the floor immediately after the results were announced.

Violation Charged
Vishinsky charged the election of Yugoslavia was a violation of the U. N. charter because it failed, he said, to take into account provisions regarding geographic distribution of council seats.

The west previously had contended that Yugoslavia was just as qualified to represent eastern Europe as Czechoslovakia.

Vishinsky declared Yugoslavia's candidacy was advanced by the United States and Britain through behind-the-scenes maneuvering.

Assembly President Carlos P. Romulo banged his gavel repeatedly but Vishinsky held the floor about four minutes.

"Yugoslavia cannot and will not be considered a member of the eastern bloc," Vishinsky said.

He described the election as "an attempt to turn the Security Council into an obedient tool of the Anglo-American bloc."

Britain had announced in advance that she would support Czechoslovakia, but there was no indication how she actually voted on the secret ballot.

Window Washers Make it Brighter

PITTSBURGH, Oct. 20.—(P)—Things began to look brighter today in this strike-weary coal and steel capital.

Several hundred window washers went back to work. They started cleaning windows on skyscrapers which haven't been touched since September 30.

The window washers, members of AFL Window Washers Local 16, accepted a seven and one-half cent pay boost.

No Seizure Plans in Two Big Strikes

President in Suggestion For A 'Get Together'

WASHINGTON, Oct. 20.—(P)—President Truman suggested today that labor and management get together and settle the coal and steel strikes in the interest of themselves and the country.

The president told a news conference he had no present plans for seizure of either industries and he still hopes that mediation will be successful.

The sooner employers and employees come to a conclusion and go back to work, he said, the better it will be for the country and themselves.

The twin strikes by Philip Murray's CIO Steel Workers and John L. Lewis' United Mine Workers have idled about a million men for almost three weeks.

Mr. Truman was asked what he would do if mediation efforts by Conciliation Director Cyrus Ching fail to bring about a settlement. He replied he would cross that bridge when he comes to it.

Coal negotiations between Lewis' miners and the soft coal operators still are under way in West Virginia. Ching is meeting today with representatives of U. S. Steel corporation in New York.

The president said he was in continuous and close touch with the conciliation moves.

There has been speculation that Mr. Truman might ask Murray and steel industry leaders to the White House for talks aimed at seeking a settlement of the steel walkout.

But if he has any such move in mind, he gave no indication of it at today's news conference.

Stir on 'Rising Woman' Cast

ST. JOSEPH, Mo., Oct. 20.—(P)—"The Rising Woman," a nude figure of a husky woman in a crouching position, has caused a split in the St. Joseph Art League.

A gift of John D. Rockefeller, Jr., to the Art League, the statue is a plaster cast of Sculptor George Barnard's original marble work.

The League members are wrangling over a proposal to move the figure from the basement of City Hall to the new art center.

"I think 'The Rising Woman' is simply atrocious," declared one member. "If it moved I hope it is dropped and broken."

Another member declared: "It is moved to the new building I will refuse to place any of my good art on exhibit there."

The statue originally was placed in the League's gallery at City Hall. Three years ago the League, a non-paying tenant, was booted out of the hall in favor of rent-paying branch offices. Since then "The Rising Woman" has reposed in the basement.

Mrs. Ella Callis, president of the art lovers, last night said art galleries at Des Moines and Oklahoma City had asked for the statue immediately after learning about the controversy here.

"If it is good enough for them it's good enough for us," she said. "Since news stories began about 'The Rising Woman' being moved back into public view we have received 40 applications for membership."

Denham said he was injured while working on a pipe line in Laclede county.

Money For Community Chest Does Good in Many Ways

Money for a Community Chest Drive sometimes does good in more ways than one, it helps the agencies that receive the money to continue to operate and it gives the workers an opportunity to meet people who leave them with a warm feeling inside.

One of the girls in the Chamber of Commerce office had just such a feeling Wednesday afternoon when a man, no longer young, appeared at the door. He wore overalls freshly laundered, and stood a bit timidly on the threshold until the girl invited him in.

"I've been reading about this Community Chest Drive" he said and we've been waiting for somebody to come to our house for a contribution, but nobody came, so I just thought I would bring this down to you."

He was holding something tight in his hand as he entered the room and as he talked he opened his hand and began to straighten out two one dollar bills. As he gave them to the girl he asked: "Don't I get one of those pretty red feathers for this?"

"Indeed you do" the girl said smilingly, and then added: "Do you want more than one, are there other members of your family who might like one?"

Deserved Red Feather
The man seemed pleased: "Yes," he said. "I would like one for my wife, too. I thought this would

Talks on Gas Service to Club

How natural gas serves Sedalia and other communities was explained by Noel Twest, industrial engineer, Missouri Public Service company, speaking before the Sedalia Kiwanis club at its meeting in Bothwell hotel Thursday noon.

He told of the increase from 1900 to 5400 natural gas consumers here since the 12-inch line reached Sedalia in 1930 until now gas consumption is at 130,000,000 feet. He gave assurance that demands on supply could be taken care of with Sedalia in a favorable end of the line position when originally the 12-inch line was to have been extended eastward.

Mike Giokaris, program chairman, introduced the speaker and supplemented his talk by having shown a moving picture, "The Miracle Flame" dealing with the creation of natural gas and the means by which man obtains it. Claude Boul operated the moving picture machine.

President Bert Hathaway made an initial announcement concerning the Kiwanis sponsored National Kid Week which will be observed November 19.

Guests were Ed McNeill, St. Louis, with his father E. B. McNeill; Clifford Barr with A. J. Morgan; Kiwanian Branch C. Morse, Rehoboth Beach, Delaware and Dr. Taylor Adams, a Kiwanian of West Palm Beach, Florida.

Union Proposal Rejected
The original 282 claims which caused the walkout have been whittled to 93 cases through direct negotiations. The management rejected yesterday a proposal by the unions for settling the remaining issues.

Representatives of both sides met again today.

Union officials suggested that 18 of the cases be referred to an adjustment board, that several be withdrawn, that some more be withdrawn conditionally, that others be paid and that a compromise be adopted to cover 12 more.

Frank Aldrich, local chairman of the trainmen, said none of the major claims by his union had been settled. He added that these claims, though important, involve very little money.

"I'm getting letters and calls saying not to make a settlement until we get a satisfactory offer," Aldrich said. "The men are not wavering a bit."

Three Die After A Lunch Given
TUNICA, Miss., Oct. 20.—(P)—Of five who ate lunch last Thursday at Ed Yerkey's home, three are now dead.

Yerkey, a tenant farmer, and Charles Walton, 27, a cotton picker from Kimbrough, Miss., died Friday. Billy Boiles, 19, another Kimbrough cotton picker, died today.

County Attorney Martin Garner said arsenic poisoning killed all three and made the others ill.

Garner charged Yerkey's wife and his 17-year-old daughter, Rosilee, with murder. He ordered them held in separate jails until he completes his investigation.

Both denied any knowledge of the poisonings.

Rosilee ate some of the food and also became ill. The fifth diner was Robert Lee Boiles, 23, brother of Billy, now under treatment at a hospital.

The county attorney said Mrs. Yerkey ate none of the food.

Former Governor Here On Legal Business
Phil M. Donnelly, former Democratic governor of Missouri, now practicing law at Lebanon, Mo., represented Virgil Denham, 703 North Prospect avenue, during the workmen's compensation conference this morning, which was held on the third floor of the court house.

Denham said he was injured while working on a pipe line in Laclede county.

Founder of Town Of Gideon Dies
GIDEON, Mo., Oct. 20.—(P)—William P. Anderson, president of the Gideon-Anderson Lumber Co., and the founder of the town of Gideon, died last night at a St. Louis hospital following illness of several months. He was 84.

Anderson was born February 14, 1865, at East Liberty, Ind., and was educated there and at Decatur, Ind. When a young man he became interested in sawmill work at Monroeville, Ind., and later was associated with his father and a brother in operating a mill at Wren, O.

Early in 1900 he came to Southeast Missouri and moved his Wren mill to Gideon.

He was president of the Commercial Bank of Gideon, president of the Little River drainage district for eight years, and active in other Southeast Missouri public enterprises.

Blind Man Is Killed In Traffic Accident
GRANGER, Mo., Oct. 22.—(P)—Ben Rowland, a blind man about 60 years old, was killed yesterday in a traffic accident.

John Evans, 80, driver of the car in which Rowland was riding, was injured critically in a collision with a truck. Both are from Kahoka, Mo.

Approve Postmasters in Missouri
WASHINGTON, Oct. 20.—(P)—The senate has approved the following nominations for postmasters in Missouri:

Helen L. Cross, Avondale; Ross Leslie Tribble, Hallsville; John E. Cole, Powersville; Lester L. Lantz, Sheridan; John Wilson Mitchell, Thayer; John H. Richardson, Norwood.

Bills Hanging Fire
Congress left ten major bills hanging fire when it closed shop last night with final approval of a new farm price support measure and passage of the foreign arms aid bill.

The house approved and left on the senate's doorstep bills dealing with displaced persons, social security, and other measures.

He also might ask for an extension of the military draft, which has not operated for several months, in addition to a test of the Brannan farm subsidy payments plan.

Unless he reverses the political field, Mr. Truman's state of the union message to the next session will include about everything he has asked for in the past and hasn't got.

Also likely to be emphasized by the President will be plans for expansion of the atomic bomb making project to meet the threat of Russian possession of the destructive weapon.

Arbitration In Rail Strike Is Proposed

Consideration is Being Given Plan This Afternoon

ST. LOUIS, Oct. 20.—(P)—A proposal was made today by the Missouri Pacific railroad that the 93 unsettled union claims be put up for arbitration and that the strike be called off.

The proposal was presented to the four striking brotherhoods by Guy A. Thompson, the railroad's trustee.

Union officials immediately adjourned to their hotel to consider the proposal.

Claims by the Brotherhood of Railroad Trainmen proved a stumbling block today in the Missouri Pacific peace talks.

Almost all claims by three other unions representing the 5,000 employees on strike against the railroad have been settled.

The stand taken by the trainmen and the railroad on the unsettled claims dimmed hopes for an immediate end to the strike, which will enter its seventh week tomorrow.

Rent Control To Stay In Missouri

JEFFERSON CITY, Mo., Oct. 20.—(P)—A House committee voted last night to keep rent control in Missouri.

The vote killing a bill to decontrol rents on a statewide basis was eight Democrats against the bill and two Republicans for it.

The committee's vote virtually closes the door to any further rent control action this session. Leaders are shooting at adjournment sometime next month.

"I knew they were stacked against me," said Rep. Gene Nickle (R) of McDonald county, author of the decontrol bill. "But I had to make the fight."

In a two and a half hour hearing, labor, municipal and rent control officials from St. Louis, Kansas City, St. Joseph and Springfield all spoke against the bill. They said it would cause rents to increase and that would be disastrous for low and middle income families.

James A. Dasis, executive secretary of the state CIO council, said that if rents go up, workers will have to revive their fourth round wage increases.

He and Reuben T. Wood, Springfield, president of the state federation of labor, agreed that housing in Missouri is still inadequate.

"The housing shortage now is worse than it was during the war," Wood said.

Should Double Size Of Army Says Landon

States War Threat Was Never Greater Than It Is Now

TOPEKA, Kas., Oct. 20.—(AP)—Alf M. Landon said last night the United States should immediately double the size of its regular army to meet the threat of war which he declared was never greater than it is now.

The 1936 Republican presidential nominee said Russia has upset this nation's defense timetable by achieving an atomic explosion several years ahead of the earliest predictions.

Marshall Plan Not Working
"Also, the Marshall plan is not working as was expected and the cold war is changing for the worse," he said.

Landon, a former Kansas governor and now an independent oil operator, made his observations in a speech prepared for a Chamber of Commerce dinner at which he was honored by his native state of Pennsylvania.

A delegation of 19 persons made a goodwill flight from Sharon, Pa., near Landon's birthplace at West Middlesex, to present him a plaque and citation as an ambassador of the Keystone state.

Asserting Russian tyrants are attempting to dominate the world in the guise of Communism, Landon said this nation's safety demands a revision of defense concepts.

"The most effective change we could make in our plans to stimulate the spirit of the peoples of Western Europe," he said, "would be to have more army fighting units available for immediate use."

"We must show the democracies of Western Europe that we are ready, willing and able to get in and fight with them—not only in the air and on the sea, but on the ground also before they are actually attacked."

Double Divisions Of Army

"Therefore, our present situation requires that we immediately and forthwith double the number of divisions in the regular Army."

"The new timetable requires in the neighborhood of twenty divisions which can be used immediately—full strength, equipped and ready for action."

Landon said the Marshall plan cannot be called a success at the present time.

"There is a desperate need," he said, "for a drastic revision by the state department of our political European policies and methods in order to bring about constructive Western European unification and cooperation."

"The United States is demonstrating its intention to do its share. Europe must carry a heavier share of the load than it has so far."

Makes Suggestions

In addition, Landon suggested that this nation should:

Provide more troops to protect Alaskan bases.

Continue to back Turkey to the limit.

Change its present policy and join forces with Spain.

Provide more active and vigorous prosecution of American Communists.

Protect Greenland and Iceland.

Describing Spain as a country which is consistent in its opposition to Communism, Landon said it would be a key country in any defense of the Mediterranean and Western Europe.

Protecting Greenland and Iceland, he said, would mean that "with our Atlantic bases and control of the seas and an adequate Air Force and ground force, we would then be looking right down the Communists' throats."

Her husband, Steve, holds the music. The troubadours have been regular week-end visitors to the hospital since their mother entered it almost a year ago. Their serenades not only cheered Mrs. Sulkowski, but became a special event for other patients in the tuberculosis pavilion. Soon Mrs. Sulkowski will be well enough to leave. The remaining patients will miss their Sulkowski serenades.

Resignation Of Nourse Accepted

WASHINGTON, Oct. 20.—(AP)—Pres. Truman Wednesday accepted the resignation of a government foe of deficit spending, while Congress wrote the last dollar mark on appropriations which added up to a possible \$5,000,000,000 federal deficit.

Mr. Truman voiced "my thanks and my appreciation" to Dr. Edwin G. Nourse, retiring on Nov. 1 as chairman of the President's Council of Economic Advisers.

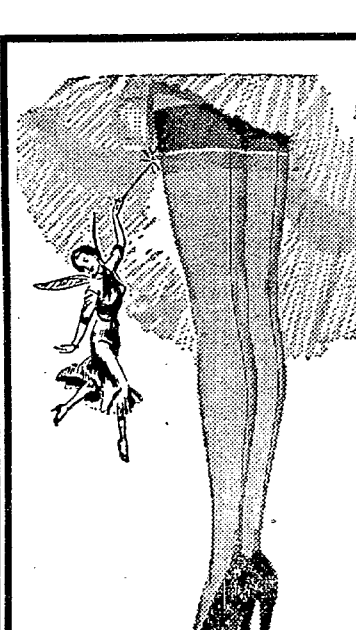

His letter to "Dear Nourse" did not mention Nourse's criticism yesterday of the government's excursion into red ink spending. And Nourse said he didn't aim his criticism at the Truman administration alone.

But the flare-up raised some last gasp cries for economy in Congress—even while the Senate slipped into the foreign arms bill a pay boost for Senators' staffs—and won House consent after an angry battle of words. The item, about \$288,000, was minor in relation to the prospective \$5,000,000,000 deficit.

The direct appropriations, a tally showed, added up to \$37,682,102,989. Indefinite funds such as interest on the national debt, are estimated to boost the total—for this fiscal year alone—to something more than \$45,000,000,000.

The congressional estimate of federal income is \$40,000,000,000. Net anticipated result: A deficit of around \$5,000,000,000.

Sweet Springs Man Injured In Accident

Edwin Marsh, 43, Sweet Springs was injured about 8 o'clock, Wednesday night when his car overturned on a curve south of Frisette, on highway 65. He was brought to the Bothwell hospital in the Reser ambulance where he was treated.

He was given emergency treatment by Dr. Carl Siegel. Marsh was suffering from an injury to his right shoulder, cuts on the arm, and possible internal injuries. X-ray pictures were taken to determine if he had any other injuries.

According to the state patrol, Marsh reported he was rounding a curve when an approaching car failed to dim the lights and then sideswiped his car causing him to leave the highway. His automobile overturned and pinned him inside for several minutes. Marsh said, according to the patrol, when he regained consciousness he freed himself, but no cars had stopped to offer him help and it was several minutes before a car would stop.

He was taken to Warsaw by a passing motorist and from there brought to Sedalia.

Honor Society Elects Officers

The Smith-Cotton Chapter of National Honor Society met for its first regular meeting of the school year Wednesday, October 19.

An election of officers was held and Robert Solomon was chosen president; Sibyl Shy, vice president, and Barbara Tweet, secretary. The members voted to hold future meetings on the first Tuesday in the month.

National Honor Society is open to juniors and seniors with a scholarship rating of 3.0 and at the present time there are 17 active members. Since February, 1946, when Smith-Cotton chapter was established, 78 members have been initiated.

The active membership includes: Dorothy Anderson, Gene Bookelman, Milton Chamberlin, Carolyn Cooper, Mary Cowherd, Joan Cummins, Margie Lee Glenn, Marcela Jones, Joan Jones, Joyce Keel, Donna Robinson, Shirley Shoe, Sibyl Shy, Robert Solomon, Barbara Tweet, Olive Vincent, Margaret Wade.

The bride, who was given in marriage by her father, wore a gown fashioned with a fitted bodice of French lace over satin. A coronet of seed pearls secured the finger-tip veil of illusion. She carried a prayerbook on which was an orchid tied with satin streamers.

Miss Winifred Lammers, sister of the bridegroom, was maid of honor. She wore a gold brocade gown with matching head-dress completing her costume. Her bouquet was of yellow carnations.

Miss Jeanne Oswald served as bridesmaid. Her gown was of orchid brocade satin and she carried a bouquet of lavender gladiolus.

Miss Jeanette Lammers served as flower girl wearing a green tulle gown with matching mitts and headpiece.

Larry Schupp and Della Mae Lammers were ring bearers.

Mr. David Mellor served as best man and Mr. Albert Imhoff was groomsmen.

Ushers were Mr. Virgil Lammers, Mrs. Glen Turley, Mr. Elwood Gerke and Mr. Alvin Smith.

Mass servers were Lonnie M. Lammers and T. J. Mellor.

Following the ceremony a wedding dinner was served at the home of Mrs. Laura Renken for the bridal party and immediate families.

A dance was held at the K. P. Hall in the evening. The couple left for a wedding trip through the northern states.

Judge and Mrs. Frank Horst, of Pilot Grove, celebrated their golden wedding anniversary on October 17.

Fifty years ago Miss Catherine Strolle, of Four Corners, Ind., became the bride of Francis Bernard Horst, of Pilot Grove with Rev. Father Pius Conrad reading the wedding ceremony at the St. Joseph Catholic church in Pilot Grove. Their attendants were Mrs. Rose Hayob, of Marshall, a cousin of the bride, and Louis Horst, brother of the bridegroom.

Judge and Mrs. Horst are the parents of seven children, five living. They are: Mrs. Walter Lang, Pilot Grove; Urban Horst, of Booneville; Mrs. Carl A. J. Miller, of Ferguson; Ernest Horst, of St. Louis and Mrs. Francis A. Schmitt, of St. Louis. There are also seven grandchildren, Mildred, Geraldine, Robert Francis and Irene Lang, Nancy Ann Miller and Roseanne and William Francis Schmitt.

Judge and Mrs. Horst have two great grandchildren.

Judge and Mrs. Horst have lived all of their married life in the Pilot Grove community.

Mr. and Mrs. I. B. Decker, of near Liberty, former Sedalia, celebrated their 48th wedding anniversary Sunday, with all of their children present.

They were: Mr. and Mrs. Orval Decker and son, Donnie Decker, Mr. and Mrs. Otto Decker and daughter, Mrs. Raymond Harmon and Mr. Harmon, all of Sedalia; Mr. and Mrs. W. F. Decker and daughter, Judy Ann Decker, Mr. and Mrs. Paul Duncan all of Winwood, north of Kansas City; Mr. and Mrs. Wesley Gehlken and daughter, Kay and son, Gary Gene, of North Kansas City; Mr. and Mrs. Leo Decker and son, Danny, of Kansas City and a grandson and great grandson.

Mr. and Mrs. Decker received many nice gifts.

Suit For Damages And Attachment

A suit for \$297 damages and an attachment were filed in circuit court this morning by John W. Lewis against D. G. Oldfield.

Oldfield is a resident of Pettis county, residing on a farm approximately four miles southwest of Green Ridge, and according to the petition, Lewis was employed by the defendant the latter part of August in rendering services of cutting, raking and baling hay on Oldfield's farm. For this service, Oldfield promised to pay Lewis six dollars per ton and was to be payable at the completion of the job, according to the petition.

The suit asserts the plaintiff rendered the services and baled 49 1/2 tons of hay and that the defendant became indebted to plaintiff in the sum of \$297, which has not been received by the plaintiff.

Congress at Last Comes to 75-Day Pause

(Continued from Page One) curity expansion, a \$1,500,000.000 public works program, oleomargarine tax repeal and pension increases for war veterans.

The senate, in return, passed along to the house a revised version of the Taft-Hartley act (opposed by the administration), a national science foundation bill, and an aid to education measure.

Neither house acted on committee-approved measures for postal rate increases and authorization for Mr. Truman's program of industrial aid to underdeveloped countries.

Not even the committees took seriously the President's proposal for universal military training, but he may revive it again next January.

Congress could count among its achievements a rounded program of foreign policy legislation. This included extension of the European program, approval of the Atlantic pact, inauguration of military assistance to Europe and continuation of the reciprocal trade agreement authority.

In a statement, Senator Lucas of Illinois, Democratic leader of the senate, said this proved congress had "rejected the counsels of the isolationists."

On home issues, congress voted pay raises for federal employees, from the President on down the line, and upped military salaries. It approved some reorganization plans, extended rent control and voted export controls.

Story of Weird Night Attack

Phone Operator in A Denial of Any Attempt to Kill

MARSHFIELD, Mo., Oct. 2.—(AP)—An attractive brunette telephone operator was held today on a felonious assault charge in a weird night attack on another woman that backfired.

The prisoner is Miss Mary Margaret Evans, 31, of Springfield, arrested yesterday after the attack on Mrs. Carmen Rainey, 43, wife of a funeral home operator here.

Roy Miller, Webster county prosecuting attorney, and Sheriff E. I. Cunningham, said Miss Evans had made a statement admitting the attack, but denied that she attempted to kill Mrs. Rainey.

Mrs. Rainey was beaten on the head and face with a toy pistol and a flashlight after the intruder first tried to chloroform her. Mrs. Rainey fought back and finally the attacker fled.

Miller said Miss Evans related that she had been acquainted with Mrs. Rainey's husband, Rex Rainey, for about five years and had accompanied him on trips. Miller quoted her as saying she was seeking to find a gun she was informed Mrs. Rainey had hidden.

Rainey, who was in Kansas City attending the American today, after stopping at Springfield to visit his wife.

Planned a Search The prosecutor said Miss Evans went to great pains to assure herself that the victim would be rendered unconscious so she could search the Rainey quarters at the funeral home. She related, he said, that she even purchased some red pepper. She asserted, he said, that she had read in a magazine that the condiment sprinkled in the shoes would throw blood hounds off their scent.

Miss Evans in her statement, Miller said, related that she first planned to use the chloroform and then induce a solution into which sleeping pills had been dissolved into her victim's stomach through a tube.

Mrs. Rainey said she was awakened by a strange odor and found the woman attacker standing over her with a towel. She battled with the attacker through several rooms of the quarters and finally managed to break loose. The attacker then fled.

Mrs. Rainey was treated for multiple cuts and bruises on the head and face and released from a Springfield hospital where she was taken for treatment.

OBITUARIES

H. D. (Buss) Carroll Harold Duvall (Buss) Carroll, 42 years old, of Kansas City, formerly of Sedalia, died this morning at Menorah hospital, where he has been a patient since October 8, following a heart attack. Death was due to coronary thrombosis.

Mr. Carroll was born in Sedalia on October 17, 1907, and grew to young manhood here, receiving his education in the Sedalia public schools. He was employed by one of the railroads for a time and 17 years ago joined the Fox theatre company starting in Topeka, Kas. He was with that company at theatres in Chanute, Carthage, Atchison, Coffeyville and Fort Scott and for the past five years has been in Kansas City. At the time of his death he was manager of the Esquire theatre in that city.

Surviving are his wife, Mrs. Margaret Black Carroll, of the home, 3911 Flora, Kansas City, to whom he had been married less than a year, a brother, Glenn Carroll, of Cape Girardeau, a nephew and niece, Glenn Roger and Marjorie Ann Carroll, of Cape Girardeau and an aunt, Mrs. Charles Moore, of St. Louis.

He was preceded in death by his mother, Mrs. Lela Carroll, on August 4, 1945.

The body will lie in state at the Stine-McClure funeral home in Kansas City Friday afternoon between the hours of 3:00 and 4:00 and will then be brought to the Gillespie funeral home in Sedalia, where services will be held Saturday afternoon.

Burial will be in Crown Hill cemetery.

Robert E. Paige Robert E. Paige, 52, of 1601 Kenilworth Drive, Brentwood, St. Louis county, died early this morning at the Bothwell hospital after having suffered a heart attack October 2. He had been confined to the hospital since that time.

Mr. Paige was born in LaMonte August 10, 1897, son of the late David E. and Laura Paige. He had been a resident of Sedalia until 1938 when he moved to Brentwood. He had been employed by the Milton Oil company for more than 30 years and was plant manager at the time of his death. He was a member of the First Christian church.

Those surviving are: his wife Kathryn of the home; a step son, Chester Ford of Springfield; five sisters, Mrs. Helen McClellan of Topeka, Kas.; Mrs. Pearl Steger of Abilene, Tex.; Mrs. Ruby Mathews, Mrs. Mildred Kirchhofer and Mrs. Leo Sullivan of Sedalia; three brothers, Howard and Carl Paige of Sedalia and David Paige, Jr., of Waco, Texas.

Funeral services will be held at the Gillespie funeral home at 2:00 o'clock Saturday afternoon, conducted by the Rev. David M. Bryan.

Mrs. H. O. Foraker will be in charge of the music.

Interment will be made in the Memorial Park cemetery.

Mrs. Anna K. Schroder Mrs. Anna K. Schroder, 78, died at the home of her son, Walter, near Stover Wednesday after a two weeks illness.

Those surviving are: three sons, Irvin Schroder of Syracuse; Leonard Schroder of Warsaw and Walter Schroder of the home; two daughters, Mrs. Nora Hartman of Florence and Mrs. Cora Eldenberg of Florence; twenty-one grandchildren and six great grandchildren.

Funeral services will be held Friday afternoon at 2:00 o'clock at the Florence Methodist church, conducted by the Rev. M. Williamson of Stover.

Interment will be made in the Ebenezer cemetery near Florence.

MISERY
Due to GAS

Flatulent dyspepsia is what the doctors
call it. A group of eminent Medical Sci-
entists have discovered a way to give real
relief to sufferers from those miserable
symptoms of heaviness after meals,
stomach and intestinal. These Scientists
gave their patients ALLIMIN Garlic
Tablets and reported that these tablets
gave real relief of the symptoms in most
cases, as supported by extensive X-ray
studies. More than 250 million of these
tablets have been used to date. ALLIMIN
is the largest selling garlic tablet in the
world. It is for sale at all good drug stores
everywhere. Your money back if they

Capture Youth Who Killed His Foster Mother

'Figured' She Would Not Let Him Have Car For Texas Trip

ST. LOUIS, Oct. 20 — (AP) — A runaway Ohio youth told officers his foster mother was "the sweetest person on earth." He added: "I feel pretty rotten about killing her."

The boy is James Nairy, 18. He was being held at nearby Clayton pending the arrival of Ohio authorities.

They sent out a pickup order for him yesterday after his foster mother was shot to death near her home at Fairview park, a suburb of Cleveland.

Wanted To Visit Girl

Nairy told arresting officers he killed her because he "figured" she wouldn't let him have the car to visit a girl in Texas.

No, he said, he hadn't actually asked her for the auto.

"I came up behind her and hit her with the butt of my pistol," Nairy related. She cried out "What are you doing?" Then she wrestled with me on the floor.

"She got up and started running out of the back door to a neighbor's house. I just started shooting. I think I emptied the gun at her. She fell in the yard and I got in the car and started for Texas."

Mrs. Nairy, who adopted the boy when he was less than three years old, was shot four times in the back and once in the right side.

When arrested, young Nairy was armed with a fully-loaded .22 caliber pistol.

Hoped She Wasn't Dead

Asked if he knew his foster mother was dead when he left the house the youth said: "I didn't think so. I hoped she wasn't. She was the sweetest person on earth."

"My mother gave me just about everything I asked for. I feel pretty rotten about killing her."

The boy's foster father teaches English in a Cleveland school.

Young Nairy returned from Texas only last Monday. In 1946 he was cited by a juvenile board as an "incorrigible runaway" and last February was indicted on an auto theft charge. He later was placed on probation.

Fairview Park police, carrying a first degree murder warrant, were expected to arrive in St. Louis tomorrow.

Recoveries on Illegal Claims

JEFFERSON CITY, Mo., Oct. 20.—Charles A. Ricker, director of the Missouri Division of Employment Security today disclosed that \$447,304 had been recovered from World War II veterans who had obtained Veterans' Readjustment Allowances through illegally made claims.

The director said the recovery of the funds was the result of the activity of the Division's fraud prevention and detection unit. The unit, he disclosed, is investigating payment of claims made to 291,633 of Missouri's approximately 480,000 World War II Veterans from September, 1944, to August, 1949.

"Total payments made to unemployed and self-employed veterans over the period totalled \$121,751,250 on October 1," Mr. Ricker revealed. "Up to this time the fraud unit has reported 'suspect cases,' representing a total of \$1,157,588 in overpayments made on claims which appeared to be illegal.

"However, not all 'suspect cases' were intentional frauds. In many of such cases the veteran, when informed of his mistake, restored the amount paid him. In a number of other cases it was found that technical points favored the veteran under the law. Because of such discoveries he became entitled to the adjustment allowance payments. Waivers were recommended in such cases. These payments amounted to \$78,-1947."

Mr. Ricker said 153 alleged veteran fraud cases currently are being investigated to determine if federal court action should be sought. He asserted there also are 207 fraud cases in the process of preparation for prosecution by United States District Attorneys within Missouri. He estimated that of fraud cases investigated, 1,000 before the investigations are finished.

"To date we have presented evidence to District Attorneys in 771 cases of alleged fraud in connection with the 'G. I. 52-20' allowances," Mr. Ricker added. "There have been 346 convictions, 254 cases are pending, and the balance either were settled before trial or dismissed for technical reasons."

Luncheon at Meet of Club

The Kola club of Florence met on Wednesday, October 12, at the home of Mrs. Marvin Michalkowsky with Mrs. Oscar Oehrke as assistant hostess.

At the noon hour a contributive luncheon was enjoyed. The meeting was called to order by singing "The Little Brown Church," after which the club pledge, Psalms 14:19 was repeated in naming a beauty spot in Missouri.

WOMEN!

Are These Signs Warning You Of CHANGE OF LIFE?

Nervousness, a depressed, irritable, on-edge, run-down feeling may be warning you of "the change." If so, worrying won't help relieve such discomforts. During this tense, jittery time, thousands have found Cardui to be amazingly soothing and comforting. Cardui also helps relax that horrible post-up feeling, encouraging better sleep for added strength and vitality. Because Cardui has a stomachic tonic action, it gives grand aid in building resistance so often needed during change of life. Make "the change" as easy on you as possible. Ask today for a bottle of Cardui. (Say "card-you-gee").

After reading of the minutes of the previous meeting by the secretary, Mrs. Earl Thurman, and the treasurer's report by Miss Susie Kline, a nominating committee consisting of Mrs. Oscar Oehrke, chairman, Mrs. George Hotsenpillar, Mrs. Herbert Kurtz, Mrs. George Worthley and Mrs. Elmer Houchen was appointed by the president, Mrs. Harold Eldenburg. In the closing, the club sang "Faith of Our Fathers." The program, which was in charge of Mrs. Forest Hampt, consisted of an accordion solo by Mrs. Harold Eldenburg, a poem, "Autumn's Return," by Mrs. Glenn Merten, a violin solo, "Twelfth Street Rag," by Mrs. C. E. Williamson, and a poem, "Columbus" by Mrs. Joe Kanenbley. Mrs. C. E. Williamson led two games, with awards going to Mrs. George Hotsenpillar and Mrs. Joe Kanenbley. The next meeting will be with Mrs. Ernest Duvel on November 9.

S-C Tigers Will Try For Fifth Win

Local Gridders Will Be Host to Columbia Team Friday Night

Coach Ralph "Stub" Dow worked the Smith-Cotton Tigers football team through intensive maneuvers Wednesday night at the high school during the rain in preparation for their all-important CEMO conference tilt with the Hickman Kewpies of Columbia, which will be staged under the lights of Liberty park, Friday night starting at 8 o'clock.

Coach Dow said if the weather stayed clear, the grid field would be in good shape and the rain helped make it a fast field. Dow was much more optimistic today than he was yesterday. Knowing that Bob Ray and Gene Dowdy, both powers in the Tiger backfield, would be on the starting lineup, made him happy. Yesterday he was in doubt as to their starting in the game because both were on the injured list with leg injuries.

Scores
The Tigers will shoot for their fifth victory, having already trimmed Marshall 13-6; blanked Kemper 27-0 and crushed St. Peters 32-13, before trouncing the Hannibal footballers 41-6 last Friday night.

In comparison to the Hannibal score, Columbia defeated the Hannibal team 13-0 and has a season record of four wins against one defeat.

Coach Dow likes to think of the Tiger team as one for all and all for one, when it comes to scoring honors, but who are those players who have added up the terrific Tiger points? Gene Dowdy, an expert signal caller, whose ability to break into the clear has resulted in several touchdowns this season; fullback Bob Ray, who picks up yardage when the Tigers need it most; Don Ruffin, speedy right halfback, who starred last Friday night in the Hannibal game with several long runs and several others have contributed much to the scoring powers.

Senators and White Sox Are Set For Next Season

NEW YORK, Oct. 20—(AP)—The Washington Senators and Chicago White Sox are marginally set for next season and the Cincinnati Reds probably will have a successor to Bucky Walters within a week.

The Senators yesterday named Bucky Harris, who twice previously had been fired as Washington skipper, to handle the club's reins for the next three years. He succeeded Joe Kuhel.

At the same time, Charles Comiskey, II, vice president, announced in Chicago that Jack Onslow would be back as manager of the White Sox.

Warren Giles, whose Cincinnati club is now the only team without a manager, announced he expected to fill the spot within the next week or so.

This leaves only one major league spot on the uncertain list. Zach Taylor, whose St. Louis Browns finished seventh in the American League, left for Florida without having his contract renewed. There is talk a new pilot will be named.

Moved Ball Game Six Miles to Get Out of Rain

LINCOLNVILLE, Kas., Oct. 20—(AP)—Rain stopped the softball game between Lincolnville and Durham high schools in the fifth inning last night—but that didn't end the contest.

After 30 minutes of delay, someone brought word that it wasn't raining at Lost Springs, six miles away.

So the officials, players, concessionaires and several hundred spectators piled into automobiles and drove to Lost Springs and finished the game there.

Lincolnville won 3-0.

Passers Head List of Grid Newcomers

Air Mindedness Is Reflected in Sophomore Crop

By Will Grimsley

NEW YORK, Oct. 20—(AP)—College football's growing air mindedness is reflected in the new sophomore crop, which features the deadliest collection of passing arms to come along in years.

From coast-to-coast passers are heading the list of newcomers making a noticeable mark on the gridiron this fall.

Sophomore slingshot specialists include Harry Agganis, the left-handed sniper from Boston university; Bob Zastrow of Navy Vito Farilli of Kentucky, Don Logue of Arkansas and John Coatta of Wisconsin.

Also there's John Bright, the 195-pound halfback from Drake whose passing and running exploits have piled up 1,116 yards and nine touchdowns to make him the offensive leader of the nation.

Perhaps the most celebrated of the sophomores is Agganis, the rubber-armed 190-pound T-pilot at Boston U.

A needle-threading thrower and tricky climax runner, Agganis has figured in ten of his team's touchdowns in three one-sided victories. He passed for eight and scored two on the ground.

Passed for 640 Yards

His nearest first-year counterpart in the east is Navy's Zastrow, a 209-pound whiz from Algoma, Wis. Zastrow has passed for 840 yards and eight touchdowns in four Navy games and scored twice himself.

Bright, who hails from Fort Wayne, Ind., has piled up 563 yards rushing and 553 passing to lead the country in moving the football. He's the only player who is credited with more than 1,000 yards.

Parilli has connected with 41 of 66 heaves for 525 yards and five touchdowns.

Logue, Arkansas quarterback, is second in Southwest conference scoring with 38 points. He has completed 17 of 44 passes for 218 yards and four touchdowns.

Coatta played fulltime against California and hit with seven of ten passes. He has completed 15 passes in all for 170 yards.

Notre Dame's Soph

Bill Barrett is the outstanding sophomore on Notre Dame, the country's No. 1 ranked college eleven. He had a 59-yard touchdown run against Tulane last week and starred also against Purdue.

Dick Gregory of Billings, Mont., is a sophomore spearhead of the

ADDITIONAL SPORTS On Page 13

Rose Bowl minded Minnesota team. The 173-pound halfback leads the Western conference in ground gaining with 9.0-yard average.

John Karras, 174-pound halfback from Argo, Ill., is a first year varsity stickout at Illinois. He has scored five touchdowns and is averaging 7.3 yards a whack.

Other outstanding sophomores include: Tackles — Bob Brettman, Iowa State; Jim Weatherall, Oklahoma; Waldo Schaaf, Okla. A&M.

Guards — Fred Smith, Oklahoma.

Centers — Bill Fuchs, Missouri; Backs — Ron Clark, Nebraska; Frank Silva, Oklahoma; John Grabko, Oklahoma A&M; Hiram Faubion, Kansas State.

Rice Player is Lineman of Week

HONSTON, Tex., Oct. 20—(AP)—James Alvis (Froggy) Williams, anchor of the Rice line, said today "I'm surprised as all get-out" over being named lineman of the week by the Associated Press.

But it wasn't anything startling to others around the Rice football baillwick. Coach Jess Neely said it was richly deserved and Williams "is an All-America without doubt. He has been a consistently good player for us for four years, is an excellent student and a fine boy. I am very proud of him."

Williams earned the national honor by his great play at end against Southern Methodist last week when he scored two touchdowns, set up two more, kicked five extra points and brought the comment from Coach Maity Bell of SMU that "he's an All-America if ever there was one." Williams sparked Rice to a 41-27 victory over Southern Methodist. Froggy's a six-foot, 185-pounder.

Williams is one of the few athletes in the Southwest Conference who will win four varsity letters. And he's only 21 years old now.

In his four years—or rather three years and four games this season—he has been in 34 gridiron battles. He has kicked 59 points after touchdown and caught ten touchdown passes. His total scoring is 119 points. He has gathered in 34 passes for a total of 706 yards.

Williams was All-Southwest Conference end last year.

Sikes Hasn't Lost Faith In Jayhawks

Kansas is Expecting A Hard Afternoon Against Okla A&M

By Skipper Patrick

KANSAS CITY, Oct. 20—(AP)—Jules V. Sikes hasn't lost faith in his University of Kansas Jayhawks.

Sikes won't predict a victory for Kansas over Oklahoma A. and M. at Stillwater Saturday, but he's confident the Jayhawks are getting tougher week by week.

The biggest boost in morale to the Jayhawks, who lost their fourth game of the season, 48-26, to Oklahoma last Saturday, was the four touchdowns they scored against the Sooners.

"My kids did a fine job against Oklahoma and I believe they have gained some much needed confidence," Sikes said. "Oklahoma has one of the finest teams I ever saw. I doubt that any team has a set of backs to equal Thomas, Royal, Heath and Pearson. Their line might be matched."

Kansas, however, will be handicapped by the loss of Cliff McDonald, defensive back who suffered a broken hand in the Oklahoma game, and sophomore end Aubrey Linville, who has a sprained ankle.

Kansas has beaten the Aggies three years running and the Jayhawks are expecting an unusually hard afternoon Saturday. Last year Kansas won on a pass interception, 13-7.

Tigers Practice In Rain
At Columbia, Mo., the Missouri Tigers played second fiddle to a traveling concert group who practiced inside Brewer Field House while the gridders were forced to work outdoors in a driving rain. Coach Don Faurot is still undecided about the personnel of

his 35-man travelling squad for the Iowa State game at Ames. Nick Carras, number 1 halfback, will make the trip, but he's still limping from injuries. Jim Rutter, a reserve center, has been shifted to right tackle to bolster that weak spot.

Iowa State expects only limited service from Fullback Bill Chauncey who is on the injury list.

Oklahoma, which plays Nebraska, at Lincoln, Nebr., concentrated on forward passing in a scrimmage with first and second stringers working against the freshmen.

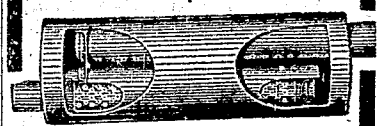

A Determined Nebraska Squad
Nebraska, the underdog by several touchdowns, is determined to make a battle of it. Said game captain Tom Novak: "Remember Michigan was favored to beat Army." A sellout crowd of 39,000 will see the game.

Colorado probably will have to play Utah State at Logan without the services of star halfback Harry Narcisian who was carried

THE SEDALIA DEMOCRAT

from the practice field yesterday with an injured knee.
Kansas State passed up its scheduled afternoon practice to attend the funeral of O. C. Crevis-ton, father of Halfback Elmer Careviston, who died late Saturday night. The Wildcats, who play at Memphis State Saturday, did get in some work under the lights, however.

"WHERE SELLER AND BUYER MEET"

BROOKFIELD COMMUNITY SALE
FRIDAY, OCT. 21st at 12:00 (Noon)
We expect another big sale this week!
We have listed 70 head of Montana yearling Hereford steers, weight 550 to 675 pounds. 25 head Montana Hereford steer calves, weight about 375 pounds.
20 head light steer calves, weight around 275 pounds. We expect to have one load of choice heifer calves, weight around 400 pounds.
The above cattle are all Montana cattle and we think they are the best quality bunch we have had to offer this year.
Also have several native cattle listed. We have one bunch of good Hereford native stock cows. 1 registered shorthorn bull. Mrs. Black of St. Catherine will be here with her good Angus calves.
Will have about our usual run of hogs and sheep and possibly a few horses.

Rivalry is Said to be 'Silly And Stupid And Should Stop at Once'

By Harold Claassen

NEW YORK, Oct. 20.—(P)—Pro football's rivalry is "silly and stupid and should be stopped at once," commissioner O. O. (Scrappy) Kessing of the All-America conference said today.

He had been asked for comment on the statement made by Elmer Layden, former commissioner of the national football league, that the two groups should get together. It was Layden who once told the All-American circuit to "go to get a football" before talking of smoothing out their differences.

In Philadelphia Ber Bell, now the National's boss, commented only that "Layden is entitled to his opinion now just as he was before." Bell added he had no comment of his own.

The first climax of the 1949 season in the four-year battle-for-the-buck is scheduled Sunday when the national offers the New York Giants against the Chicago Bears at the Polo grounds. A mile away in Yankee stadium the New York Yankees play the San Francisco 49'ers, current AAF leaders.

Without Competition
Played without competition, each game probably could fill its own park. As competing attractions neither is likely to draw more than 30,000 fans.

Dan Topping, president of the Yankees, said he felt "the basis of the solution of the professional football war is right here in New York."

"To my mind the most important thing on Sunday is not whether the Yankees outdraw the Giants at the gate or vice versa. The most important thing is the total attendance.

"If both games draw 60,000 to 70,000 it will prove professional football can be profitable in New York and I feel sure some solution can be worked out."

Attendances in both circuits this year have shown a slight decrease compared to a year ago.

In 28 games, the All-America clubs have announced a total attendance of 650,550, or an average of 28,285. The National with many of its better attractions still to come, has announced 536,507 paying guests at 20 games, averaging 26,825.

Wednesday Night Matches Thrillers

Action was the word at the weekly wrestling matches, sponsored by Pettis County Post No. 16, American Legion, Wednesday night. Girl wrestlers had the fans standing in their seats and nearly yelled hoarse before the feature event. But the lungs were not too weak when Ronnie Etchison of St. Joseph battled to a loss with Don Louis Thesz, champion from St. Louis, the cheering being for Etchison.

Thesz who invaded the Sedalia territory for the first time, this week, proved to be the physical man that he has been publicized. He lost the first fall to Etchison when the latter bounced off the ropes after he had been the victim of a series of drop kicks to practically knock the wind from Thesz. The time was 12 minutes and two seconds. In the second period Thesz came bounding off the ropes and got a drop toe hold causing the St. Joseph lad to give in. The time was six minutes and 31 seconds.

The third period was a rough deal on the part of both men. Just before the ending Thesz fell victim to the giant swing of Etchison but as he was dropped to the floor he succeeded in kicking Ronnie under the chin and succeeded in getting in a series of drop kicks to win in nine minutes and 46 seconds.

Lillian Ellison, New Orleans, gave the fans some thrills when she came through to win her match with Nell Stewart of Kansas, Akron, Ohio. The Little Blonde Bomber Nell roughed Lillian up in the first fall and won in eight minutes and 57 seconds with a body press after knocking the Louisiana girl around the ring as she, Nell, bounded off the ropes and ended up with a body press. Ellison came back in the second period with a series of drop kicks to take the fall in nine minutes and 15 seconds. The third fall was three minutes and 37 seconds, with Elli-

"INSTRUMENT MAST" PROBES AHEAD OF THE JETS—Two test pilots at Hawthorne, Calif., inspect the newly-designed "instrument mast" which probes the air ahead of the supersonic plane to make the necessary instrument readings. The air around such high-speed planes is so turbulent that it is useless for instrument readings. The new mast picks up air speed, temperature and other more technical data, and also serves as a radio aerial.

Homecoming Activities Start Thursday Night

Smith-Cotton high school Homecoming week-end gets under way tonight at 7:00 o'clock with a "snake dance." This unique feature is a line of wildly cheering students going up and down Ohio street. After the "snake dance" the student body will assemble for a huge bonfire to sing school songs and give cheers at the high school.

Friday is the big day around Smith-Cotton as soon as the bell rings members of the "spiz" club will run through the school halls singing and yelling school cheers. That afternoon at 3:00 o'clock the big homecoming "pep" assembly where the students will try to cheer the team to victory over Columbia. Immediately following the "pep" assembly the students will form in the annual homecoming parade down Ohio street.

The line of march for the parade is: police, band, "spiz" club, "L" club, seniors, juniors, sophomores, freshman, 8th grade, homecoming queen and attendants and the football team.

Friday night the big event starts with the kickoff in the football game between the Smith-Cotton "Tigers" and Columbia. After the game the annual homecoming dance will be held in convention hall. The dance will bring to a close the homecoming week celebrations.

Tuesday night at skull practice members of the Smith-Cotton football team elected Miss Dorothy Jean Anderson, daughter of Mr. and Mrs. Leonard Anderson, 800 West Cooper street, homecoming queen, they also elected Miss Donna Marie Robinson, daughter of Mr. and Mrs. Ben Robinson, 1506 West Broadway and Miss Nancy McAttee, daughter of Mr. and Mrs. L. D. McAttee 1305 East Broadway, attendants.

Miss Anderson will reign over homecoming activities this week-end. She will be crowned queen

son getting a Japanese squeeze on Nell.

The opening event went to Cecilia Blevens, London, England, who beat Helen Hild, Omaha, with a Boston crab hold after 16 minutes and 29 seconds of fast ring action.

Wrestles Deer Then Kills It With Knife

SEATTLE, Oct. 20.—(P)—Clarence A. Rees wrestled a deer and then killed it with the inch-and-a-half-long blade of his pocket knife.

Exhibiting a bruised shoulder, a torn and bloody shirt—and the two-point buck deer weighing 110 pounds—Rees said never again.

Here's his story:
He was looking over the cows at his farm when the deer jumped from the brush at his side. Acting without thought, he grasped its horns.

"Then I was afraid to let go."
"He knocked me over on my

back, with him on top, but I held him. I choked him until his tongue was hanging out. I guess mine was, too."

Getting the knife out of his pocket and opening the blade, all with one hand, "was the hardest part of the whole thing." Rees stabbed the deer in the throat.

Saigh-Rickey In Trade Chat

BROOKLYN, Oct. 20.—(P)—President Branch Rickey of the Brooklyn Dodgers talked about everything under the sun during a 2-hour press conference yesterday—except a 90-minute trade-chat he had just concluded with Fred Saigh, owner of the St. Louis Cardinals.

Not until after Rickey had bid the newspapermen adieu did Saigh's presence in the lair of the Flatbush Mahatma become known. Both moguls immediately became unavailable.

However, it was learned that the executives of the National league's one-two clubs had discussed a deal of large proportions, involving six players.

George (Red) Munger, right-handed St. Louis pitcher, and Gene Hermanski, lefthanded hitting outfielder, of the Dodgers were men-

tioned in the talks. The names of other important players mentioned could not be learned.

Saigh, in addition to an outfielder, is seeking a catcher and a shortstop fill-in for the ailing Marty Marion.

The Cards boss reportedly expressed interest in first baseman Chuck Connors, who batted over .300 for Montreal last season, and a promising young Dodger form-hand named Klippstein. The latter, a pitcher, was elevated to the Montreal roster last week.

Question On What A House Majority Is

A Discussion Over Issue In The House Of Representatives

JEFFERSON CITY, Oct. 20.—(P)—How many members does the Missouri House of Representatives actually have? And how many does it take to pass a bill legally?

These questions were raised Wednesday by Speaker Hamline of Marion county and Rep. Howard Elliott (R) of St. Louis county, a former speaker.

Hamlin Ruled 78. Hamlin explained that he has been ruling it takes 78 votes to pass a bill—a majority of the elected membership of 154. But he wanted advice.

Elliott noted that two members failed to qualify at the start of the session, one resigned and a fourth one died. He said under the constitution and under congressional precedents, the House should formally recognize the decline in membership and cut the number of votes needed to pass a bill accordingly.

Rep. F. E. Robinson (D) of Knox county said he thought it was silly to raise the question this late in the session. Why wasn't something done about it before? He asked.

Hamlin said he did not want to take the responsibility of making the decision but wanted the entire House to pass on it. Yesterday, on a small loan bill, he ruled that 72 votes adopted a conference report but had to back down when the House voted against him.

The whole question was referred to the rules committee for study and a report later. The committee chairman is Rep. Lewis E. Merrill (D) of Chariton county.

Since the session started, Rep. J. S. N. Farquhar (R) of Cape Girardeau county, a member last session, has been occupying the seat to which Roy Goodwin, a Democrat, was elected. Goodwin died before the legislative session started.

One Representative Holdover. Another former member, Rep. Joseph M. Tanner (D) of Kansas City has held over in the seat to which Dr. Edward Reece of Kansas City was elected. Reece declined to serve.

Both Farquhar and Tanner have attended sessions and voted.

The member who resigned was Rep. Harry Schendel (D) of St. Louis. He quit last June to become a member of the St. Louis board of election commissioners. The fourth vacancy, under Elliott's interpretation, occurred when Rep. Frank Dickmann (D) of St. Louis died recently.

The flurry of discussion came after a dull day in which the House passed 112 revision bills. They are routine bills bringing the laws up to date, as required by

ONE COAT, DOTS ALL — Harry Albacker, "the magician," claims to have developed what painters have long dreamed of—a polka dot paint. With tongue in cheek, the Pittsburgh, Pa., entertainer demonstrates before a delegation of paint dealers how the polka dots go on with a single sweep of the brush. How the magic formula works Harry wouldn't say because "it isn't patented yet."

the constitution once every ten years.

Almost all are non-controversial. But the House defeated one bill after Rep. Henry Andrae (R) of Cole county said he feared it would have the effect of letting fire insurance companies raise their rates.

Ninety-four House members promised to be on hand to work on regular bills tomorrow.

Rep. C. P. Turley (D) of Carter county, the majority floor leader, said after that the House probably would recess until the first week of November. The Senate comes back Oct. 31.

Gen. Bradley Tells Of Defense Plans

WASHINGTON, Oct. 20.—(AP)—Gen. Omar Bradley told Congress Wednesday the military high command is developing "balanced forces" and that "infinite harm" has been done by airing grievances of a few officers who won't accept the decisions of superiors.

By implication, Bradley hung the label "fancy Dans" on the Navy admirals quarreling with present policies.

The chairman of the policy-shaping joint chiefs of staff said "an all-American team" is needed instead of "fancy Dans" who want to "call the signals."

Bradley said it just isn't so, as charged by Admiral Arthur W. Radford, commander of the Pacific fleet, that our war plans are based "solely on the so-called atomic blitz."

And testimony sneering at B-36 bomber, Bradley said, at-

tacks the basic strategy of this country and misrepresents how strategic bombing is valued.

As to the qualities of the B-36, Bradley said it is the best bomber available for production that is capable of carrying out required emergency missions.

Declares Russian Troops Moving

BELGRADE, Yugoslavia, Oct. 20.—(P)—Yugoslavia's official press reported Wednesday Russia neighboring cominform countries has moved Red army troops into paign against Premier Marshal as part of a "warmongering" cam-Tito's government.

The report was carried in an article in Borba, Voice of the Government.

The article declared that Russia has moved into Romania through Bucharest with some small units approaching the border toward Yugoslavia.

The article reported that Cominform (Communist International Information Bureau) countries, with Russian help, are strengthening their border guards and building trenches and bunkers all

A New System For Air-To-Air Refueling

WICHITA, Kas., Oct. 20.—(P)—A new system for air-to-air refueling has been developed for U. S. Air Force planes, Boeing Airplane company announced.

The new system uses a telescoping metal pipe through which gasoline is pumped under pressure from a tanker plane.

Previous methods of refueling generally have used a flexible

hose with fuel flow controlled by the pull of gravity.

The latter system was used by the Boeing B-50 Superfortress "Lucky Lady II" in its non-stop round-the-world flight last February.

Boeing said the new system is designed to enable Air Force bombers and fighters to refuel in the air "at a faster fuel flow rate

Sweater Girl

Epsie Kinard Picks Knitted Novelties

Ribbing makes fashion news on all wool sweaters this season. This soft choker-banded pullover in pale blue has a dramatic ribbed waistband. A completely ribbed knit-blouse (center) fits snugly from waist to décolleté neckline.

The classic cardigan gets haute couture treatment with color. This pure cashmere set (above) combines bittersweet for cardigan, blue for pullover. Sleeve, cuffs, neckline and waist of both sweaters are ribbed.

Reorganizing Dramatic Club

The first meeting for the reorganization of the Pettis Players, a dramatic club which was very active in Sedalia a few years ago, was held Monday night at the home of Mr. and Mrs. Theodore Gardner, 721 West Fourth street.

Maurice Hogan was elected president of the organization with Mrs. Leonard Peabody, secretary and George Lockett, treasurer.

A committee was appointed by the president to read several plays and chose from them a few which will be presented to the club membership for final selection.

Mrs. Bob Wall was appointed telephone chairman and anyone interested in joining the Pettis Players is asked to contact Mrs. Wall or any member of the organization.

Attending the meeting Monday night were: Mike Bogutski, Mrs. William Stephenson, Mrs. William Ward, Mr. and Mrs. George Miller, Mr. and Mrs. O. W. Wiley, Miss Marie Fritz, Maurice Hogan, Mrs. Leonard Peabody, Mrs. Bob Wall and Mrs. Gardner.

A number of others, members of the club, were unable to attend the meeting Monday night.

There was much enthusiasm in planning the club activities.

The next meeting will be at the home of Mrs. William Ward at

7:30 o'clock Wednesday night, October 26.

Classes Were Cut by Students

BOWLING GREEN, O., Oct. 19. (AP)—Approximately 200 students cut classes today as classmates tried to incite a strike against regulations at Bowling Green state university.

W. J. Rohrs, campus police chief, reported the 200 were absent from their classrooms after an estimated 500 attended an early morning mass meeting. The objectors in the student

body of 4,600 young men and women want, among other things: Abolition of a rule which prohibits unmarried coeds from riding in automobiles; 3.2 beer; complete freedom of expression. For the campus newspaper, The

Bee Gee News, and a less tough attitude by campus police. The student senate has declared itself "in complete sympathy with" the demands of the objectors, but is opposing a strike. Three spokesmen for the senate counseled against a strike at the

mass meeting, but hecklers insisted on an immediate walkout. Some Japanese say that their practice of counting a baby as one year old at birth is based on the idea that life begins at conception.

Community News from Smithton

Mrs. Hattie Postlewait visited last week with Mr. and Mrs. Earl Edmonson at New Franklin. Mrs. Margaret Schroeder of Mexico, Mo., is spending the week with her parents Mr. and Mrs. L. A. Palmer, east of town. John H. Windsor of Boonville was a business visitor in Ottumwa Thursday.

Rev. H. A. Wood closed a week of meetings at Walnut Grove Sunday evening. In the absence of Rev. Wood Sunday morning Mrs. F. A. Huffine of Sedalia gave an interesting talk under the auspices of the Women's Society of Christian Service. She was accompanied by her sister, Mrs. Frank Griffin and were dinner guests of Mr. and Mrs. L. M. Leaton.

Mrs. Walter Castle entertained with a 6 o'clock dinner Thursday evening to honor her husband's birthday anniversary. Those

present were his mother Mrs. W. J. Castle and son and daughter-in-law Mr. and Mrs. Lawrence Castle, son and daughter Larry and Carolyn. Mrs. Lawrence Castle baked the birthday cake. Mr. and Mrs. James Allison of Waverly, Mr. and Mrs. William Maness and Mrs. Charles McNeal of Sedalia and Mr. and Mrs. A. L. Schib of Ottumwa were among those who attended the services and homecoming at Walnut Grove church last Sunday. The PTA sponsored a pie and

box supper last Wednesday evening at the school building. A program of band selection, songs and Guy Peabody of Sedalia gave a talk on how Homing pigeons help win a war, having his pigeons on demonstration. There was a large crowd in attendance and \$180 was realized from the supper.

Mrs. Bessie Smith and daughters Miss Norma Mae Busch and Mrs. Herbert Graves of Kansas City were Sunday guests of their daughter and sister, Mrs. W. L.

To Confiscate Eva Braun Property

MUNICH, Germany, Oct. 19. (AP)—All property of Eva Braun, Hitler's mistress, will be confiscated to aid victims of Nazi persecution.

A German denazification court of appeals confirmed this sentence last night. It also upheld her classification as a Nazi supporter by a denazification court. The handsome blonde who married Hitler a few hours before their reputed suicide in the Berlin Reich Chancellery left a bank account of 35,000 marks (about

\$8,300), a mansion in Munich and jewelry. The court held that she could hardly have saved this amount of money from her small salary as an employee of Hitler's photographer, Heinrich Hoffman. Shell collecting as a hobby is gaining many new enthusiasts. One hundred thousand different species of shells are known today. White fir trees grow to height of 140 feet and a diameter of 36 inches or more. Democrat-Capital class ads get results. 10 words, one week, 80¢ Phone 1000.

Charm expert Margery Wilson says fun is fun but there's a right and wrong way to laugh. Model's relaxed, fun-loving laugh provoked by kitten (above) is the kind that attracts people and wins friends. Wrong—because they're unlaugh-like and noisy are spasm at the telephone (above right), the shriek of laughter accompanied by a poke in the man's ribs (lower right).

Otto Weiss, Mrs. Porter Baker and Mrs. William Ham of Leeton drove to Jefferson City Saturday to attend a reception in honor of Mrs. Fern Barton, Worthy Grand Matron of the O. E. S.

Allowances to
Quarter Million

JEFFERSON CITY, Oct. 20.—(P)—More than a quarter of a million Missouri war veterans col-

lected \$121,751,250 in readjustment allowances from Uncle Sam, the state Division of Employment Security reported today.

About 480,000 Missourians served during World War II and 291,663 of them filed claims for readjustment allowances—the so-called "52-20 club." Charles A. Ricker, state director, reported the figures to Gov. Forrest Smith today.

Payments started in September, 1944, and the total of more than \$121,000,000 was paid out up to

the first of this month. Payments for most veterans ended last July 25. Those who remained in the service or re-enlisted will be covered until July 25, 1952.

Payments from January 1 to August 1 this year averaged \$1,302,808 a month but by September they had fallen off to \$191,928.

Unemployed veterans — 246,476 of them—got a total of \$93,310,740 up to August 1, covering 4,

699,813 weeks of unemployment. They drew \$27,572,396.

Overpayments of more than \$1,000,000 have been detected. About half of it has been recovered. Action has been requested in more than 1,000 alleged fraud cases.

President Will
Travel by Train

WASHINGTON, Oct. 20.—(P)—President Truman plans to travel by special train on his next two trips. He usually flies.

The White House said today that the chief executive will go to New York for a United Nations address in the bullet-proof private car used during his 1948 election campaign. He will leave for New York Monday morning to speak at the laying of the cornerstone of the new United Nations building. He will return to Washington Monday night.

Presidential secretary Charles G. Ross said Mr. Truman will travel by train for his speech at St. Paul, Minn., November 3 in connection with the Minnesota state centennial.

Ross explained the switch from plane to train for the St. Paul trip was due to uncertain flying conditions in fall weather.

There was nothing to be gained especially, Ross said, in using a plane to go to New York.

Jupiter, the largest planet moving around the sun, is more than 1300 times bigger than the earth.

Pumpkin Party — Hallowe'en icings for cupcakes.

By Cecily Brownstone
Associated Press Food Editor

Hallowe'en Tomato Soup Cupcakes — Ingredients: 2 cups sifted cake flour, 3 teaspoons baking powder, 1/2 teaspoon baking soda, 1/2 teaspoon cloves, 1/2 teaspoon mace, 1/2 teaspoon nutmeg, 1 cup seedless raisins, 1/2 cup shortening, 1 cup sugar, 2 eggs, 1 ten-and-one-half-ounce can condensed tomato soup.

Method: Mix and sift flour, baking powder, baking soda, cloves, mace and nutmeg. Wash raisins under hot running water and drain well chop with a knife. Cream shortening, add sugar gradually and continue to cream thoroughly, if electric mixer is used beat in the eggs well, one at a time if not beat the eggs well first with a rotary beater and then beat in well with mixing spoon. Add the flour mixture in four additions, alternately with the soup; begin and end with the flour and mix only until well combined each time. Fold in the raisins. Turn into fluted paper baking cups that have been placed in muffin pans of matching size. Bake in a moderate (375 degree Fahrenheit) oven for about 15 or 20 minutes or until done (depending on size). Remove from pans and place on cake racks to cool thoroughly before frosting.

Hallowe'en Frosting — Ingredients: 1/2 cup butter or margarine, dash of salt, 2 cups sifted confectioners' sugar, 4 tablespoons (about) cream of milk, 1/2 teaspoon vanilla, orange food coloring, 2 squares (2 ounces) unsweetened chocolate (melted).

Method: Cream butter or margarine and salt. Add sugar and milk alternately until proper consistency to spread. Add vanilla. Divide frosting in half; add orange food coloring to one part, chocolate to the other.

Easy Hallowe'en Cupcake Decorations — To make decorations the kids will love try these: For chocolate pumpkins and witches' cats, form round balls of chocolate frosting, flatten in palms of hands, and shape. For eyes, nose mouth and pumpkin stems use bits of jellied candy, cloves, chocolate bits, slices of maraschino

cherries, and corn candy. A fence for the cat, may be cut from a long jellied licorice candy. For small pumpkin faces use round flat orange jelly candies; cut in half crosswise to make pumpkin faces a shiny orange.

Needle Workers Elect Officers

The Byberry Needle Workers club met with Mrs. Rudolph Shoen, assisted by her daughter, Miss Annaleen Shoen. There were fifteen members, five visitors and five children present. At noon a contributed dinner was served and enjoyed by all present. The afternoon was spent visiting and hulling beans for the hostess.

The meeting was called to order by the president, Mrs. Milton Faulwell. The minutes of the last meeting were read by the secretary and treasurer, Mrs. Bruce Williams.

Officers for the coming year were elected: Mrs. Lawrence Geiser, president; Mrs. Clara Faulwell, vice-president; Mrs. Milton Faulwell, secretary and treasurer; Miss Elizabeth Corson, reporter.

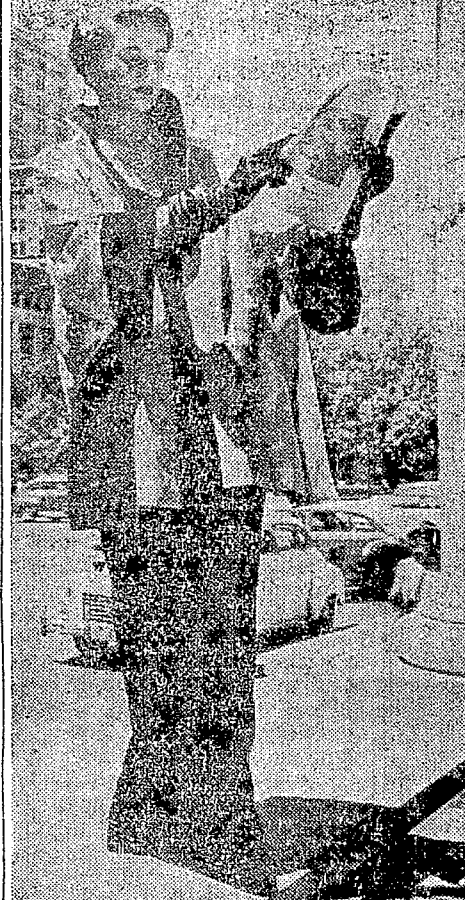

The hostess opened her gifts and distributed the pal gifts. The next meeting will be held with Mrs. Robert Routen.

Would Glorify Hamburger

ATLANTA, Oct. 19.—(P)—What the restaurant business needs to prosper, an expert says, is a 21-cent hamburger selling for 55 cents instead of a 9-cent hamburger selling for 20 cents.

George L. Wensel, a consultant to restaurateurs, told 250 Georgia operators yesterday that the 20-cent burger is an example of what will ruin them, sooner or later.

Its food cost of 9 cents, he warned, is 45 per cent of the selling price—5 per cent too much for a going profit.

"Why not glorify the hamburger?" he said enthusiastically. "Make it good with 15 cents worth of meat, two-cent bun and four cents of relish for a total of 21 cents. x x x

"Give it a special name and sell it for 55 cents, cutting the

restaurant's food cost to 40 per cent in the deal."

Hazel Hill Hustlers Hold Election

The Hazel Hill Hustlers met at the home of Mr. and Mrs. Oliver Bales, Thursday, October 13.

Plans were made for a Halloween party. The election of officers for the coming year was held: Helen Alexander, president; Beulah Bales, vice president; Frances Norfleet, secretary and treasurer; Nellie Walk, reporter; Carl Pummill, song leader; Charles Walk, game leader; and Mrs. Frank Norfleet, community leader.

Games and songs were lead by

Helen Alexander and Charles Walk. The meeting was closed by the group repeating the club prayer.

The hostess served refreshments of pop and doughnuts.

One of the wonderful things about Americans is their great sense of fair play. Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. & Mrs. N. M. These people are telling us, as Mr. & Mrs. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

Gentlemen:

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,

Niles M. Davies
Eileen Davies

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done . . . to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

• The Washington Merry-Go-Round
Courageous Rep. Hardy Exposes Maritime Commission Waste
by Drew Pearson

WASHINGTON, Oct. 20—John L. Lewis was so miffed about a Washington Merry-Go-Round account of his oratory at a recent closed-door session on the coal strike that he ordered his right-hand man, John Owens, to bawl out the southern coal operators for allegedly leaking the story.
Owens carried out his instructions, waving the newspaper clipping at Joseph Moody, president of the southern coal operators.
"We know you leaked the story," protested Owens. "Well, you're talking to the wrong people. These columnists all have their price." Moody vigorously and correctly denied that he had been the source, but added: "Let's be honest. You were there and so was I. Won't you agree that the story was an honest and factual account of what happened?"
"But it didn't make Mr. Lewis look very good," growled Owens.
"Well, he didn't look good in the meeting," replied Moody.

Battle of the Admirals
One of the angriest men in the battle of the admirals is the undersecretary of the navy himself, Dan Kimball.
Kimball was invited to an off-the-record meeting of 60 top navy officers in Monterey, Calif., Sept. 21. Officially the meeting was a routine review of naval problems, but Kimball sensed something special was going on. For those present included Admiral Arthur Radford, leadoff man in the navy revolt, together with Vice Admiral Gerald F. Bogan. Therefore, Undersecretary Kimball made a brief speech, pleading with the admirals to lay their cards on the table.

"If you think we're not getting a fair deal," Kimball said. "Then let's speak up. After all, I'm one of your own. I used to be assistant secretary of the navy, for air. I know your problems."
Kimball told the admirals that President Truman had ordered waste removed from the defense spending picture and that the defense budget would have to be cut two billion dollars by 1951.

"If you feel this is wrong," Kimball said, "speak up. I promise you we'll get a fair hearing. I can walk into Louis Johnson's office any time I want and get a hearing. So now is the time to talk."
The admirals looked down their noses, gave Kimball silent treatment. Yet it was at this very same meeting — without telling the undersecretary of the navy — that Admiral Bogan wrote his now famous letter complaining about navy morale. And it was at this meeting also that Admiral Radford added his postscript to the letter that touched off the powder keg in Washington.

Capital News Capsules
Isolationist Nevadan — Senator Tom Connally, Texas Democrat, rallied a group of senators the other day to vote against an amendment by Senator George Malone, Nevada Republican. . . . "Let's get out there and vote," stirred Connally. "I don't know what it's about, but it was offered by Malone. So I'm against it." . . . Many senators feel the same way about the gentleman from Nevada, who is one of the leading isolationists in congress.

Unhappy Hindu — Prime Minister Nehru of India is irked at the state department for the man-killing tour of the USA they have arranged. During his 26-day stay he will see virtually nothing but banquet tables, formal receptions and luncheons. What he really wanted was a chance to get acquainted with the plain people of the United States so he could decide how India should line up in the future. But the state department disregarded this and arranged for 30 formal parties during the 26 days.

Feuding Senators — Washington's bumptious Senator Cain, a Republican, tried to make political capital on the Senate floor over a \$238 check paid by a group of universities to Senator Magnuson, a Democrat, also from Washington. The money covered Magnuson's travel expenses to New Orleans for a speaking engagement sponsored by the universities. What Senator Cain didn't mention is that he, too, has kept a few speaking engagements — has flown to Honolulu to take part in the Town Meeting of the air; to Walla Walla, Washington, to speak locally, and to Boston to speak before the apartment house owners. In each case, Cain's expenses were paid in full by the sponsoring organizations.

Shipping Bonanza
Capitol newsmen were skeptical when Representative Porter Hardy of Virginia announced there would be a complete and forthright probe of the maritime commission and its squandering of taxpayers' money on ship contracts.
So many congressional committees have been spreading the whitewash of late that newsmen doubted Hardy would make good his promise—especially since he hails from the big maritime area around Norfolk.

However, the courageous Virginian not only confirmed all that alert comptroller general Lindsay Warren had said about maritime commission waste, but went even further. Hardy produced evidence showing that the commission had entered into agreements with the U. S. Lines, American Export Lines and the Ameri-

can President Lines for the sale of six ships for \$70,000,000, though the ships had cost the government \$150,000,000 to build.

The Hardy subcommittee also found that most of the \$28,000,000 being spent for so-called "national defense features" on the six new vessels — at no cost to the purchasers — was an outright gift because many of these features can be utilized commercially in peacetime.

The report, supported by able expenditures committee chairman William Dawson of Illinois, urged that steps be taken to rescue as much as possible of this largesse to the shiplines; also that maritime laws be rewritten to prevent such extravagance in the future.

Diplomatic Pouch
Russian troops are infiltrating into northern Iran in what looks like a new attempt to stir up revolt. The American embassy has cabled the state department that last week 400 Russians, disguised as tribesmen, penetrated into Azerbaijan province and distributed arms to the rebel tribesmen in the area. . . . The Chinese Communist armies are about to win their greatest victory — diplomatic recognition from the west. This week, London and Washington are sending identical notes to the French, Belgian and Dutch governments asking agreement on a list of items that can be traded with the Communists. This list is referred to in diplomatic circles as a "non-contraband" list. After agreement is reached on these lists, Britain, eager to trade with the Chinese Reds will extend de facto recognition to the Communist regime in China. We'll be the last to act. But we'll recognize too.

New Defense Plan Might Help To End Interservice Squabbles

By Bruce Bissell
How long can Marshal Tito of Yugoslavia remain a thorn in Russia's side?
The Soviet Union and her eastern European satellites have scrapped wholesale the mutual aid and friendship treaties they had with Yugoslavia, emphasizing that stronger measures are in the making to stamp out Tito's mutiny. Foreign affairs observers believe the Kremlin has decided it can no longer tolerate the challenge of Titoism. This rebellion tends more and more every day to damage Russian prestige before the world and undermine the jerry-built structure of Soviet relations with its immediate neighbors.

But it seems likely that Tito, emboldened by economic aid from the United States and the prospect of more help from other western powers, will resist all attempts to crush him by mere political pressure and economic strangulation.

In fact, some American and British experts are said to have concluded that Moscow can only break Tito if it is willing to use the Red Army. Tito has already shown that he can deal effectively with Russian-inspired sabotage and guerrilla attacks. More strenuous tactics would appear to be the only other course open.

If invasion is indeed the sole avenue left to the irritated Soviet leaders, the question is how the attack might be managed to keep it from spreading to a continent-wide or world conflict.

One suggestion is that the Russians might employ assault units dressed up as anti-Tito Yugoslavs. The aim would be to give the world the impression that the outbreak was a civil uprising patterned on the Greek war. It could then be fed by men and materials pushed across Yugoslavia's border by neighboring Russian satellites.

The approach is unlikely, however, to fool world opinion, no less than if the attack were an un concealed Soviet enterprise. Yugoslavia is certain to ask the United Nations, in such an event to condemn the use of force against her.

However an attack would be mounted, the United States and other western nations probably would step up economic assistance to Tito and even send considerable amounts of military equipment.

This help almost certainly would fall short of any outright commitment to defend Tito with western armies. But the risk of involvement for the western powers would still be very great, inasmuch as Russia would feel compelled to choke off the flow of outside aid as completely as possible.

Things having gone as far as they have, is there any way of persuading the Soviet Union not to undertake this final critical stage in her effort to destroy Tito?

Perhaps if Russia can be made to realize how great is the likelihood of an unmanageable world war instead of a neatly controlled local conflict with Yugoslavia, she will be deterred from using force.

She may conclude that it is better to live with a troublesome thorn in her flesh than to hazard a war that could inflict mortal wounds upon her and many other nations.

Is He Complaining?

An Ohio Congressman reports from Europe that he was shadowed in Warsaw recently by a smartly garbed Polish woman. A blond no less.

The lawmaker, Rep. Wayne Hays, says he deliberately zigzagged around his hotel and thus convince himself that the blonde was no mirage but was really pursuing him.

That Hays complained about this is a tip-off that he's a comparative youngster. No seasoned oldster would be likely to fret over special attentions from an attractive blonde. If he did tell such a story, chances are it'd be dismissed as the vain boastings of a seeker after lost youth.

Comes The Revolution

Revolution has struck the building industry. A couple of ex-army engineers have perfected a bricklaying machine they say will step up bricklaying speeds three or four times.

Here's what we'd like to see come next: An automatic wall-painting machine that bears such delicate adjustments that it will dab anybody's walls with the exact shade the missus wants—and on the first try, too. The contraption might cost a few painters their jobs, but those who would be left would be a lot happier.

Someone to Love
By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

THE STORY: Jenny's marriage to Tod Duncan was unhappy because of Liz Conover who jilted Tod before his marriage and tried to get him back. Liz gets a job with her father's firm and keeps an eye on Tod. She is in love with Jenny, but Jenny is married to Tod. Liz is a very beautiful girl and Tod is a very handsome man. They are both very young and very in love.

XXVII

GRADUALLY, as the spring slipped into summer, the anger and grief in Jenny's heart softened a little.

The shop was doing remarkably well and took up an enormous amount of her time. Nina went East in early summer, on a buying trip, and came back elated with success at obtaining several exclusive new lines of merchandise. They were both pleased with the way things were going.

Rick filled what void there might have been left. The twins adored him, and Jenny found enormous comfort and pleasure in his company.

He took to coming up on Saturdays, and he always had ideas for making a memoranda afternoon for the twins. Sometimes it was the amusement park on the other side of town, an exhausting round of merry-go-round and miniature train rides, and cotton candy. Sometimes it was a run down to Centerville so that Mrs. Morris could see the boys.

Tod came once a month to see the children, but always when Jenny was absent. Of these visits, Mrs. Drew had little information to volunteer, and Jenny's pride kept her from asking about them.

She hated herself for the way she was always hoping for a glimpse of Tod, on the street perhaps, or in a theater crowd, and the way she was always listening vainly for someone to mention him. But her friends seemed to go out of

their way to avoid mention of his name. It was like a vast conspiracy. They only meant to be kind, of course.

AS for Tod, as far as hearing any news of Jenny was concerned, the case was much the same, except that his circle of friends, and the people who worked with him in the agency, scarcely knew her, so there was no conspiracy of silence. Several of them mentioned the divorce, of course, wondering when it would be up for trial. But their interest was centered on his relationship with Liz.

Liz was in Michigan at the Conover summer place during the hot months. She couldn't stand sticky weather. Mr. Conover chartered a plane several week-ends and he and Tod and several couples flew up. Liz was proudly possessive.

"Tod and I ought to write a book about us, oughtn't we, darling? We've had one of those dramatic romances. Poor sweet Tod—" Her slim soft hand would stroke the back of his neck while she talked. She always had her arm about his neck, a thing he couldn't stand, but of course he couldn't tell her that. "I'm afraid I treated him badly, but then you probably heard about it." And then she'd go off into the details of her elopement with Courtney, and the way she'd come back all humble and contrite, only to find she'd married some little insignificant nobody, just for spite.

Once Liz said, "And can you imagine, the poor thing produced twins, right off the bat!"

Tod felt his face go white and he had said quite unceremoniously to Liz, "Shut up, will you!" That was the first time they quarreled.

Liz snapped back, "You'll have to admit it was funny. Twins are always funny. And the joke was on you."

He remembered suddenly the way Jenny had looked up at him in the hospital, her eyes sort of blurry and sleepy from the dope

they'd given her, and said, "It was a dirty trick of me—twins—can you imagine!"

He had Liz's arm then, shaking it, stopping the bantering flow of words. He saw vaguely the looks on people's faces, open-mouthed, rather shocked, as Liz said, "You're hurting me!" And he saw the dark bruises on her arm where he'd gripped it angrily.

"I'm sorry," he muttered. And afterward he had said to her in the car as he took her home, "Liz, please, let's cut out the talk about Jenny and the twins. I mean, let's leave them out of it, shall we?"

She'd looked at him sharply. "What's the matter, darling? Don't tell me you're getting sensitive about Jenny."

HE swore suddenly and said in a savage tone, "Just cut it out! I'm divorcing her and leaving the twins and marrying you. Isn't that enough? Can't you let them alone?"

"You sound as though I were making you do it against your will."

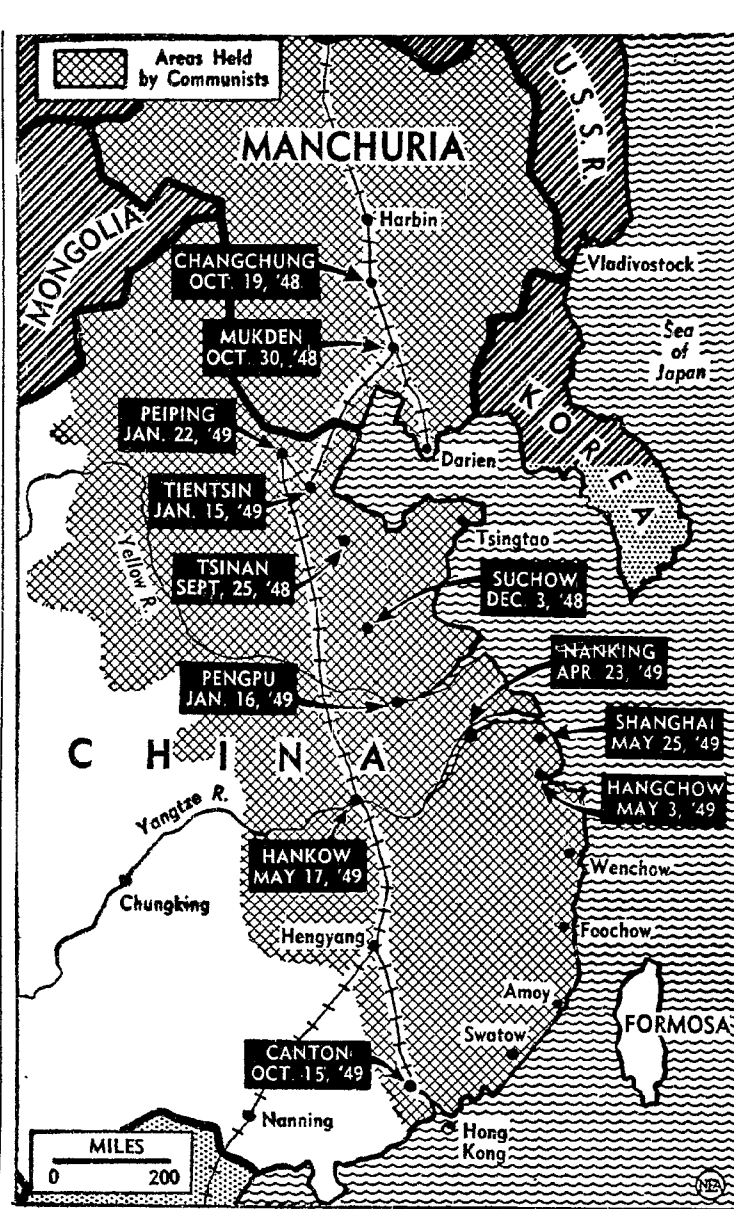

"I know—it's what I wanted," he admitted tonelessly. He gripped the wheel so that his knuckles showed white and his jaw tightened. Yes, it had been what he wanted. All during the time he was married to Jenny he had thought of Liz. There had always been the thought in the back of his head somewhere that his marriage to her was only temporary. He had never stopped wanting Liz, and now he was going to get her. This vague sense of dissatisfaction he felt was entirely due to the fact that Liz and he were apart.

"I wish you'd come home, darling," he said. "It's darned lonely some with me down there and you up here in Michigan."

"Just wait until September, dear. After all, there isn't any point in my coming back in this heat when the divorce doesn't come up for trial until September. And when I do come," her soft hand stroked his cheek, "We'll be together for good."

"I guess you're right." He drove on. And he began to think of Jenny again.

Couples Really Don't Need To Talk Over All Problems

If there's one thing that has been over-rated in today's marriage counselling it's the advice to "talk over all your problems."

That, as many a woman has discovered, is a snare and a delusion. Why? Because the average husband can't distinguish between discussing and nagging.

When Mama has something on her mind and is intent on talking it out with Papa—Papa feels concerned.

Here he was looking forward to a peaceful evening at home—and now he's got to face another problem! He can't see why his wife can't figure out the answers for herself and leave him to the evening paper and the radio.

Mama feels noble when she sits down to "discuss a problem." But the minute she tosses it in Papa's lap—he just gets irritated.

So many a wife who has tried the modern idea of talking things out and gotten nowhere with it has come to the conclusion that the best way to get along is first to handle the problem herself and then to present the case in such a way that Papa gets the idea it's been discussed and decided upon.

More Agreeable to Hubby
That's an old-fashioned procedure, to be sure, but it's more agreeable to most men than being confronted with every problem that comes up in family life. The husband who looks forward to his homecoming each evening isn't the husband who wonders what new problem he is going to have to help solve as he walks through the front door.

Nope, he's the husband who can count on being met by a cheerful wife who has things under control and who is willing to let him relax in his off hours, in the comfortable belief that everything is going along just fine and dandy.

There's just one thing wrong with the advice to married couples to talk over their problems and that is that only one of the sexes enjoys "talking things out." (All rights reserved, NEA Service, Inc.)

JUST A WORD ABOUT THESE

Private Owners

You may often see the phrase "Privately Owned Business Managed Electric Industry" in your favorite newspaper or magazine.

Who are those private owners?

Directly or indirectly, you may be one yourself for stockholders include farmers, storekeepers, laborers, white collar workers, doctors, lawyers, widows, etc. Also savings banks, insurance companies and others as bond investors.

The electric utility industry expansion program, now in progress, in which your company has a part, will call for an increase in the securities of the industry by nearly four billion dollars by 1952, according to present estimates. A steadily increasing demand for electric service makes this expansion of facilities imperative.

NEW-EASIER TO EAT!

Same Sugarroasted flavor we've always loved!

Post's GRAPE-NUTS

BUT NOW GRAPE-NUTS CHEW AS GOOD AS THEY TASTE!

New CRUMBLIER TEXTURE—Easier to chew!

We did it—we did it! Made malty-rich, Sugarroasted Grape-Nuts better than ever! These new Grape-Nuts are crumblier! Easier to sink your teeth into! Easier to eat! We hesitated to change even the texture of a product loved by so many millions for over 50 years. But we tested new, easier-to-chew Grape-Nuts on thousands of regular Grape-Nuts eaters, and on thousands of other cereal eaters, too. And they said, "This is it!"—by a landslide vote! Get new, EASIER-TO-EAT Grape-Nuts and see why!

Still in the same famous red-white-and-blue package
